Creative Graphic Designer and UI/UX Designer with hands-on experience in social media design, 3D visualization, and web development. Proficient in Adobe Creative Suite, React.js, Flutter, and 3D modeling tools including Blender and 3D Max. Demonstrated ability to create engaging visual experiences and develop responsive web applications. Passionate about combining design aesthetics with user-focused functionality.

EDUCATION

Graduated from Egypt University of Informatics - Digital Arts and Design | Major: UI/UX

Victory College - High School Diploma
Graduated

PROFESSIONAL EXPERIENCE

Graphic Designer
KEEP GOING Company | 2025 - 2026
Designed engaging visual content for social media and digital marketing campaigns
Created cohesive brand identities and marketing materials to enhance brand visibility

Media & Graphic Design Intern
Hany Saad Innovations | 2024 - 2025
Designed engaging social media visuals and presentations using Photoshop & Illustrator
Created dynamic Reels and short-form videos for architectural projects using After Effects
Contributed to visual storytelling and branding collateral for high-profile clients
Integrated 3D assets into media content to showcase interior details

KEY PROJECTS

QLink Pro – Graduation Project
Designed a smart emergency ecosystem integrating UI/UX design, augmented reality (AR), wearable technology, and responsive web experiences focused on safety and emergency accessibility.

Rabso Rebranding & Product Design
Redesigned the visual identity and detergent packaging for Rabso to improve shelf appeal and brand recognition. Developed a modern color palette and typography system aligned with the new brand direction.

Interactive & Web Development Projects
Built responsive websites and admin dashboards using React.js and Supabase. Implemented CRUD operations, real-time data handling, dynamic UI components, animations, and user-focused interactive experiences.

3D Visualization Projects
Modeled architectural landmarks including Cairo Tower and mosque concepts. Created 3D assets for furniture, exhibition interiors, stationery concepts, and children's game design elements.
